VICTOR

On 4th August correspondent METCALF [METKAF] confidentially communicated from CARTHAGE [KARFAGEN][i] to the editorial office of YUN's[ii] journal that Paul CULBERTSON, chief of the Western European Division of the B.A.N.K.[iv], who recently returned from a secret mission to Lisbon confidentially told METCALF [i group] of the URBANITES[v] [D% in] Portugal concerning the giving of military bases in the AZORES to the COUNTRY [STR.NA][vi]. It is probable that the COUNTRY will receive these bases. The COUNTRY is also interested in the utilisation of 1 base but negotiations have not yet begun.[vii] The ISLAND [OSTROV] does not openly object to [i group] [D% about] military bases but objects very much to a commercial base.
